Department of History

Report

On Dr. Babasaheb Ambedkar College competitive exam preparation, a very excellent online lecture by former student Professor Dr. Suraj Sonawane of the college has been completed. Professor Dr. Suraj Sonawane is an alumnus of the history department of the college.. He is currently working as an assistant professor of history department in Spicer universities.

He gave a lecture on the topic of online competitive exam preparation keeping in mind that we are going to give back to the society or the college forever. If their ambition and effort and proper time planning is done in lectures then it is easily possible to pass the competitive exam in very less time. He said that in his speech.

So he tried to reduce the fear of competitive examination in the minds of students. Speaking on this occasion, he said that the concept of Dr. Arun Andhale, the principal of the college is that many students of the college are working in different positions, if he tries to set a new ideal before the students of the college by presenting their experience in their field, then the students can progress. History Department Head Dr. Rajendra Raskar was also present on this occasion.

## Department of Economics

### Career Counselling Cell in Economics

#### Introduction

The Career Counselling Cell of Economics Department provides personal and Class wise counselling to students of Economics Department. Personal Counselling Sessions are conducted at the Centre by teacher as well as qualified and experienced Counsellors to help students resolve any kind of problems that they might face. Besides career-related problems, personal issues are also deal. Confidentiality is a legal requirement of counselling, which is strictly maintained. Thus the Counselling Cell provides a platform for students to pursue both their professional and personal goals with greater self-awareness, self-esteem, understanding and a focus.

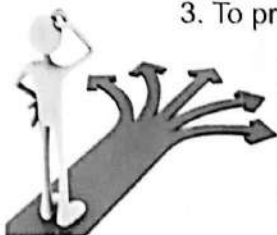

Confidence issues, choosing the right career path, making choices in the various parts of life, self-doubt, peer pressure, are only some of the problems that young people often face. Choosing the right career path is also, often, a dilemma that the students face. The Cell provides vocational guidance to students based on an analysis of their personality, talents and interest. Insights into suitable work environments are also provided in vocational guidance. For example, a person with creative personality will succeed as a writer and a person who is an introvert is less likely to succeed in face to face sales promotion. If you choose a field that excites you, you will not only enjoy your work but will also excel in your chosen field. Understanding your personality is key in choosing the right career path. Every student of the department is welcome and all students may feel free to come to the Career Counselling Cell.

#### Aim

To provide the career oriented knowledge to the students

#### Objectives

## Carrier Counselling Cell in Commerce

### Introduction

The Carrier Counselling Cell of Commerce Department provides personal and Class wise counselling to students of Commerce Department. Personal Counselling Sessions are conducted at the Centre by teacher as well as qualified and experienced Counsellors to help students resolve any kind of problems that they might face. Besides career-related problems, personal issues are also deal. Confidentiality is a legal requirement of counselling, and is strictly maintained. Thus the Counselling Cell provides a platform for students to pursue both their professional and personal goals with greater self-awareness, self-esteem, understanding and a focus.

Confidence issues, choosing the right career path, making choices in the various parts of life, self-doubt, peer pressure, are only some of the problems that young people often face. Choosing the right career path is also, often, a dilemma that the students face. The Cell provides vocational guidance to students based on an analysis of their personality, talents and interest. Insights into suitable work environments are also provided in vocational guidance. For example, a person with creative personality will succeed as a writer and a person who is an introvert is less likely to succeed in face to face sales promotion. If you choose a field that excites you, you will not only enjoy your work but will also excel in your chosen field. Understanding your personality is key in choosing the right career path. Every student of the department is welcome and all students may feel free to come to the Carrier Counselling Cell.

### **Aim**

Providing the career oriented knowledge to the students

### **Objectives**

1. To provide the application based career making knowledge to the students
2. Providing information about current job awareness
3. Providing extra career boosting academic facilities to the students

### **PROCEDURE**

For running the cell, the teacher's committee has been formed from the Commerce departments. The main purpose of this cell is to provide the professional knowledge to the students. For achieving this purpose, a standardized format for the guidance has been constructed with discussing the all staff members.
