Briefing of Programme-

We are very glad to inform you that the lecture on "Bhondala program" for the students has been completed successfully. The Activity took place for 1hour of a day on 4/010/2022 at 10:00 am. Altogether 125 students present for this program.

The President of the program Hon'ble Principal Dr. Arun Andhale explained the importance of Bhondala program. Bhondla festival is a special favorite of girls. Hadgya or Bhondal begins from the day Hasta Nakshatra begins in the month of Ashwin. Bhondla is played in the courtyard in the evening from the day of Ghatastabhala. Around it, the girls sing traditional songs of Bhondalya. It is comparatively a fading tradition but plays a crucial role in bringing like-minded people together.

Dr. Prabhanjan Chavan, introduced the program. Mrs. Asawari Shewale gave vote of thanks. Dr. Reshma Divekar compared the entire program.

SUBJECT: Seeking permission to conduct Dysmenorrhea Awareness Workshop in your school / college / institute.

Respected Sir/ Madam,

Greetings from Blue Cross Laboratories Pvt Ltd, Mumbai.

We are writing to you to seek your permission to conduct Dysmenorrhea Awareness Workshop in your school as a 'Free Health Education Seminar'.

A majority of girls & women are unaware about **Dysmenorrhea - the medical term for extremely painful periods.** As a result, **dysmenorrhea is the largest & most under reported gynaecological problem of India, with UPTO 80% of girls & women suffering from it & lose out on more than 30 days every year due to Dysmenorrhoea.** Dysmenorrhea severely impacts a girl's physical and mental wellbeing. In a study, it has been found that every month as many as **68% of girls miss their school or college & 60% of girls reports inability to participate in sports due to dysmenorrhea.** Absenteeism due to dysmenorrhea affects a girl's studies and subsequently her academic performance & future career.

Presentism is the bigger problem where Girls are being present in a class but lack concentration due to Dysmenorrhea related symptoms like pain, discomfort & mental stress. Due to Dysmenorrhoea, girls losses their confidence Yet an overwhelming majority of girls are made to believe pain to be a normal part of menstruation and don't find it necessary to visit a gynaecologist. More worryingly, they are unaware that dysmenorrhea could be a sign of a bigger disease such as Uterine Fibroids, PCOS, Endometriosis. **Hence period pain shouldn't be ignored.**

#WhySufferSilently is a social initiative taken by Blue Cross Labs to raise awareness about dysmenorrhea (Website: www.painfulperiods.in). The campaign's

mission is to bring an end to painful periods by reaching out to all girls and women of India. We are reaching out to schools & colleges to help us in our campaign by allowing us to organise **Dysmenorrhea Awareness Workshop**. In the workshop an **educative & interactive video of 24 minutes will be played** which talks about myths & social stigma associated with menstruation, prevalence, impact on Girl's life, biological process of menstruation, scientific reason for pain & discomfort & other symptoms. This video encourages girls & women to seek Doctor's advice & not to suffer silently. *Gynaecologist Dr. Shrutika Thakkar has given her view & guidance on Dysmenorrhoea through this video.* The workshop imparts very important information regarding menstrual well-being and spreads health awareness. Through this workshop, we also appeal to parents not to ignore their daughter's suffering, talk to her & take her to the Gynaecologist. As a part of this workshop, we distribute samples of medicine to the attendees used to treat Dysmenorrhoea in a recommended dosage. Besides this, the girls are also encouraged to ask any menstruation related questions to Blue Cross representatives.

The workshop is a great way to enable girls to take charge of their health. With better awareness about menstrual well-being, the workshop also hopes that lesser girls will drop out of school due to menstrual problems.

We are conducting many such workshops across India since last 15 years in schools / colleges & able to reach out to thousands of Girls / Women.

Eagerly awaiting your permission. Thank you.
